Mr. Lathrop Alston
704 Cameron St.
Durham N.C.

Dear Mr. Alston:

I have just returned from the league meeting in Chicago, and found your letter. Thanks for the schedule.

I am sorry I will not be able to have the date I had planned but I guess I should have expected that. In looking it over I see the park is available on the 21st. I have planned to stay in Georgia, and South Carolina for that entire week, but if we can get the park in Durham I may change my schedule to come in that vicinity. It might even be profitable to come that distance for the Sunday and go back to South Carolina. Let me know right away if we can have the park that day, and I will see what I can do about changing my schedule.

Do you think it would be profitable to play in Durham on the 21st and 26th a night game. If so I might try and arrange other games in that vicinity.

Will appreciate hearing from you right away.

Very Truly Yours
